

Caring for the planet is a natural extension of Hyatt’s purpose – to care for people so they can be their best. At [Hyatt Regency Boston Harbor](#), we are dedicated to sustainability and are committed to making a difference through our daily processes. To learn more about Hyatt’s sustainability efforts through [Together by Hyatt](#), click [here](#).

## OVERVIEW

- Drought resistant landscaping
- Bike share program available next to hotel
- Electric boat taxis to many locations in Boston
- Walkable restaurants, shops, grocery stores, and airport
- Clean the World partnership
- Extensive energy, water and recycling programs

## CARBON EMISSIONS AND WATER

- Lights are turned on in meeting rooms only when needed
- Smart thermostats are installed in each guestroom to reduce energy usage
- Drought resistant native plants are used in exterior gardens
- Blackout shades are lowered during the summer months and raised during winter months
- Our daily operational reports are used to effectively schedule heating and cooling needs
- Through our Conserve program, we change linens every third day unless requested otherwise, and guests may choose to reuse towels by leaving them hanging
- Suggesting lower-impact options for centerpieces and décor, such as potted plants rather than flower arrangements
- High efficiency LED Lighting

## WASTE AND CIRCULARITY

- Unused soaps and amenities are recycled and donated to Clean the World; a non profit organization that provides soap to third world countries
- Plastic straws are not used rather, straws made of paper are offered upon request.
- Water served using carafes is the default offering for meetings and events.
- To avoid single use disposable water bottles, hydration stations are available in meeting spaces
- Mobile Entry is available through the World of Hyatt app to eliminate the number of plastic keycards handed out
- Supporting digital signage and offering Hyatt Apps to help enable a paperless meeting
- Offering reports through the Planner Portal, reducing the need to print

## OUR FOOD PHILOSOPHY

*Hyatt’s Food. Thoughtfully Sourced. Carefully Served.* philosophy guides us in how we select ingredients that are better for people, communities, and the planet.

- Cage-free eggs are utilized in our restaurants
- Seafood is sustainably purchased from responsible sources
- Produce is organic and purchased locally
- Beef is all-natural and grass-fed
- Plant based & plant forward menu items are offered in our restaurants and for events

## ADDITIONAL SUSTAINABILITY OPPORTUNITIES FOR MEETINGS AND EVENTS AT HYATT REGENCY BOSTON HARBOR

We aspire to make it easy for our guests to incorporate more sustainable practices during their meetings and events. Our hotel events team is ready to discuss how we can support or provide guidance for the options below:

- Using refillable solutions for water rather than single use bottled water. Additional self-service water or infused water stations are available options.
- Supporting digital signage and offering Hyatt Apps to help enable a paperless meeting.
- Offering notepads and pens at a central location rather than at every seat.
- Opting for alternatives to plastic juice bottles and/or yogurt cups.
- Using bulk food items (such as sweeteners, condiments, etc.) to reduce single-use packaging.
- Suggesting lower-impact options for centerpieces and décor, such as potted plants rather than flower arrangements, using digital backdrops instead of physical items, and alternatives to avoid single-use decorations like balloons.
- Offering meeting reports through the Planner Portal, reducing the need to print.
- Coordinating the temperature of event spaces to reduce energy use while supporting attendees' comfort.
- Providing event-specific environmental footprint information aligned with the Hotel Carbon Measurement Initiative (HCMI) and the Hotel Water Measurement Initiative (HWMI) methodology.
- Discussing the best ways to reduce food waste, such as ensuring updated headcounts for each meal, opting for plated meals over buffets, selecting the Menu of the Day when buffets make the most sense, leveraging the hotel restaurant for smaller groups, and eliminating overage guarantees in contract language.
- Brewing limited amounts of coffee in order to cut down on waste.
- Designing plant-based (vegan or vegetarian) meals or switching some portion of the meal to be plant-based, in order to meet attendees' dietary considerations, sustainability priorities, and culinary preferences.
- Organizing a volunteer/community giveback event with an ecological focus, such as tree planting or beach clean-up, if feasible.
- Discussing options to replace physical giveaways with experiences, donations, or carbon offsets.
- Discussing options for donating excess edible food or used décor/center pieces from the event to a local charity.
- Advising on a process for collecting lanyards at the end of the meeting, for reuse in the future.
- Coordinating carpools to and from the airport for attendees, and/or sharing public transportation information on the Know Before You Go.
