

Caring for the planet is a natural extension of Hyatt’s purpose – to care for people so they can be their best. At Hyatt Regency Morristown [Morristown.regency.hyatt.com](https://www.morristown.regency.hyatt.com), we are dedicated to sustainability and are committed to making a difference through our daily processes. To learn more about Hyatt’s sustainability efforts through [Together by Hyatt](#), click [here](#).

## OVERVIEW

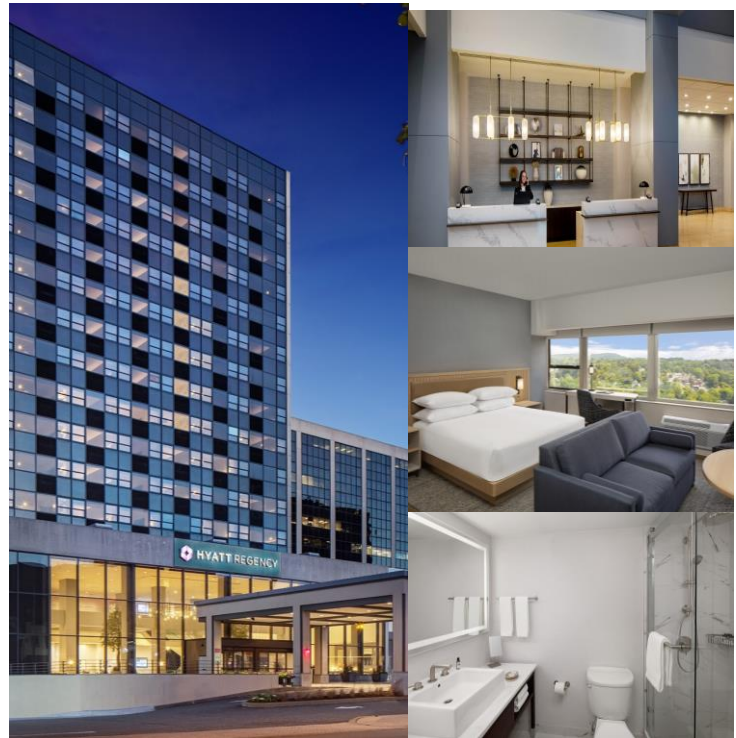

- Green spaces – Morristown Green, one of two remaining “greens” in NJ, appearing on maps in 1715.
- Trees planted outside lining the property in Spring 2022.
- Over 50 walkable unique restaurants and shops.
- Electric vehicle charging stations.
- 3rd party audited certification on environmental efforts.
- Amenities are cruelty-free and vegan

## CARBON EMISSIONS AND WATER

- LED Bulbs are used with sensor switches.
- Most appliances are energy star rated.
- Lights are turned on in meeting rooms only when needed.
- Daily operational reports used to effectively schedule heating and cooling needs.

## WASTE AND CIRCULARITY

- Q-tips have paper/cardboard stems.
- Water served in a carafe is the default offering for meetings.
- Mobile Key offered via World of Hyatt app to reduce the number of plastic keycards distributed.
- Electronic submission of proposals and photos.
- E-signing of contracts and online payment system eliminates paper usage.
- Cleaning products containing microbeads are not purchased or used.
- Cardboard/battery/light bulb recycling.

## OUR FOOD PHILOSOPHY

Hyatt’s *Food. Thoughtfully Sourced. Carefully Served.* philosophy guides us in how we select ingredients that are better for people, communities, and the planet.

- Cage-free, free range or pasture raised eggs used.
- Seafood/meat is sustainably purchased from responsible sources.
- Produce is organic and purchased locally.
- Beef is all-natural and grass-fed.
- Plant based menu items are offered for events.
- Grab and Go Market items are sourced from local businesses.

## ADDITIONAL SUSTAINABILITY OPPORTUNITIES FOR MEETINGS AND EVENTS AT HYATT REGENCY MORRISTOWN

We aspire to make it easy for our guests to incorporate more sustainable practices during their meetings and events. Our hotel events team is ready to discuss how we can support or provide guidance for the options below:

- Using refillable solutions for water rather than single use plastic bottles. Additional water stations are available options.
- Supporting digital signage / reader boards.
- Utilizing the World of Hyatt mobile app for keyless guest room entry reducing plastic cards.
- Offering notepads and pens at a central location rather than at every seat.
- Suggesting lower-impact options for centerpieces and décor, such as plotted plants rather than flower arrangements, using digital backdrops instead of physical items, and alternatives to avoid single-use decorations like balloons.
- Coordinating the temperature of event spaces to reduce energy use while supporting attendees' comfort.
- Food waste reduction by ensuring updated headcounts for each meal, opting for plated meals vs buffets & selecting "Menu of the Day" .
- Brewing limited amounts of coffee to cut down on waste.
- Designing plant-based (vegan/vegetarian) meals or switching a portion of the meal to plant-based, to meet attendees' dietary considerations, sustainability priorities, and culinary preferences.
- Advising on a process for collecting lanyards at the end of the meeting, for reuse in the future.
